

# Tanya Chowdhury

413-230-7861 | [tchowdhury@cs.umass.edu](mailto:tchowdhury@cs.umass.edu)

## EDUCATION

---

### University of Massachusetts, Amherst

MS/Ph.D. in Computer Science

4.0/4.0

2020 – Present

### IIIT -Delhi

B.Tech in Computer Science and Engineering (with Honours)

9.31/10

2014 – 2018

## RESEARCH INTERESTS

---

**Mechanistic Interpretability, Scientific Discovery, Computational Biology, Information Retrieval**

## EXPERIENCE

---

### AI Research Intern

Genentech

June. 2022 – October. 2022

South San Francisco/Remote

- Worked within the Early Clinical Discovery organization towards developing specialized feature attribution methods for domain knowledge infused feed forward and graph neural networks.
- Validated attributions axiomatically as well as experimentally against known literature, for genes linked to Prostrate cancer discovery.

### Software Engineer

Myntra Designs

July 2018 – July 2019

Bengaluru, India

- Worked on improving user intent understanding in ambiguous search queries. Implemented architectures to enable content AB testing to improve conversion.
- Built grpc services and apache-storm topologies. Used Solr and Elastic Search enterprise search engine.

### Software Engineering Intern

Google

May. 2017 – August. 2017

Bengaluru, India

- Built a Topically bundled view of Gmail and Inbox, to coexist with the existing date-wise sorted view. Experimented with different feature selections and clustering methods to determine best way to bundle mails into topically related clusters.
- Based on the clusters, recommended users to take bundle level collective action such as : Mark as Read, Move to Spam, Assign a label, filter etc.

### Research Intern

Indian Space Research Organisation

Dec 2017 – May 2018

Hyderabad, India

- Improved classification from multi-resolution Panchromatic & Multi-spectral payloads using spectral and textural features. Used self organizing maps on five channels to map data into Water, Land, Cultivation, Habitat etc.

## TEACHING EXPERIENCE

<b>CS220 Programming Methodology</b> <i>Responsible for curating and conducting discussion sessions, holding office hours and grading</i>	UMass Amherst <i>Sep. 2020 – Dec. 2020</i>
<b>CS145 Representing, Storing, and Retrieving Information</b> <i>Responsible for holding office hours and grading</i>	UMass Amherst <i>Jan. 2020 – May 2020</i>
<b>MTH 310 Graph Theory</b> <i>Responsible for conducting weekly discussion sessions, hosting quizzes and grading</i>	IIIT-Delhi <i>Jan. 2018 – May. 2018</i>
<b>CSE 121 Discrete Mathematics</b> <i>Head TA, responsible for curating homeworks and exams, supervising grading.</i>	IIIT-Delhi <i>Aug. 2017 – Dec. 2017</i>

---

## ACHIEVEMENTS

1. Recipient of the Anuradha and Hanuma Kodavalla Graduate Scholarship in Computer Science.
2. Recipient of UMass Amherst Manning college thesis fellowship for Fall'24.
3. Selected for 2021 CRA-WP Grad Cohort Event.
4. Member of Dean's list for academic excellence at IIIT-Delhi for 3 academic years.
5. Received the TA award for Discrete Mathematics: usually conferred only to PhD students in IIIT-Delhi.
6. Recipient Invite and Travel grant, Google I/O 2017.
7. Received full scholarship from CBSE to pursue undergrad study in pure maths or science streams.
8. State Rank 2 (Gujarat) in Indian National Mathematics Olympiad (INMO) 2014 amongst 12th grade students.
