

Tanya Chowdhury

413-230-7861 | tchowdhury@cs.umass.edu

EDUCATION

University of Massachusetts, Amherst

MS/Ph.D. in Computer Science

4.0/4.0

2020 – Present

IIIT -Delhi

B.Tech in Computer Science and Engineering (with Honours)

9.31/10

2014 – 2018

RESEARCH INTERESTS

Mechanistic Interpretability, Scientific Discovery, Computational Biology, Information Retrieval

EXPERIENCE

AI Research Intern

Genentech

June. 2022 – October. 2022

South San Francisco/Remote

- Worked with the Medical language processing team towards developing specialized feature attribution methods for domain knowledge infused feed forward and graph neural networks.
- Validated feature attributions axiomatically as well as experimentally against known literature, for genes linked to Prostrate cancer discovery.

Software Engineer

Myntra Designs

July 2018 – July 2019

Bengaluru, India

- Worked on improving user intent understanding in ambiguous search queries. Implemented architectures to enable content AB testing to improve conversion.
- Built grpc services and apache-storm topologies. Used Solr and Elastic Search enterprise search engine.

Software Engineering Intern

Google

May. 2017 – August. 2017

Bengaluru, India

- Built a Topically bundled view of Gmail and Inbox, to coexist with the existing date-wise sorted view. Experimented with different feature selections and clustering methods to determine best way to bundle mails into topically related clusters.
- Based on the clusters, recommended users to take bundle level collective action such as : Mark as Read, Move to Spam, Assign a label, filter etc.

Research Intern

Indian Space Research Organisation

Dec 2017 – May 2018

Hyderabad, India

- Improved classification from multi-resolution Panchromatic & Multi-spectral payloads using spectral and textural features. Used self organizing maps on five channels to map data into Water, Land, Cultivation, Habitat etc.

ONGOING WORK

Chowdhury, T., Allan, J. (2024). Probing Ranking LLMs : Mechanistic Interpretability for Information Retrieval. (In Submission)

TEACHING EXPERIENCE

CS220 Programming Methodology <i>Responsible for curating and conducting discussion sessions, holding office hours and grading</i>	UMass Amherst <i>Sep. 2020 – Dec. 2020</i>
CS145 Representing, Storing, and Retrieving Information <i>Responsible for holding office hours and grading</i>	UMass Amherst <i>Jan. 2020 – May 2020</i>
MTH 310 Graph Theory <i>Responsible for conducting weekly discussion sessions, hosting quizzes and grading</i>	IIIT-Delhi <i>Jan. 2018 – May. 2018</i>
CSE 121 Discrete Mathematics <i>Head TA, responsible for curating homeworks and exams, supervising grading.</i>	IIIT-Delhi <i>Aug. 2017 – Dec. 2017</i>

ACHIEVEMENTS

1. Recipient of UMass Amherst Manning college thesis fellowship.
2. Selected for 2021 CRA-WP Grad Cohort Event.
3. Member of Dean's list for academic excellence at IIIT-Delhi for 3 academic years.
4. Received the TA award for Discrete Mathematics: usually conferred only to PhD students in IIIT-Delhi.
5. Recipient Invite and Travel grant, Google I/O 2017.
6. Received full scholarship from CBSE to pursue undergrad study in pure maths or science streams.
7. 2nd from state of Gujarat in Indian National Mathematics Olympiad 2014 amongst 12th grade students.
